Is News Trading allowed at FundedNext?

Updated over 2 weeks ago

FundedNext allows traders to trade during news events in both the **Challenge** Phase and **FundedNext** Account of **Evaluation** Challenge, **Stellar** Challenge, and **Stellar Lite** Challenge.

However, in the Express Challenge (both on your Challenge phase and FundedNext account), you are restricted from opening and closing any trade 5 minutes before and after the news. This includes both Market Execution and opening/closing Pending Orders (including take profit and stop loss).

To know more about **Express News trading rules**, kindly click [here](#).

Disclaimer: Trading during news events involves rapid market changes, high volatility, and carries a significant risk of loss. The requested price for Stop Loss, Take Profit, or any other Pending Orders may or may not be respected during this time. Always trade with caution, and ensure you fully understand the risks involved before participating in news trading.
