How can I Withdraw my profits?

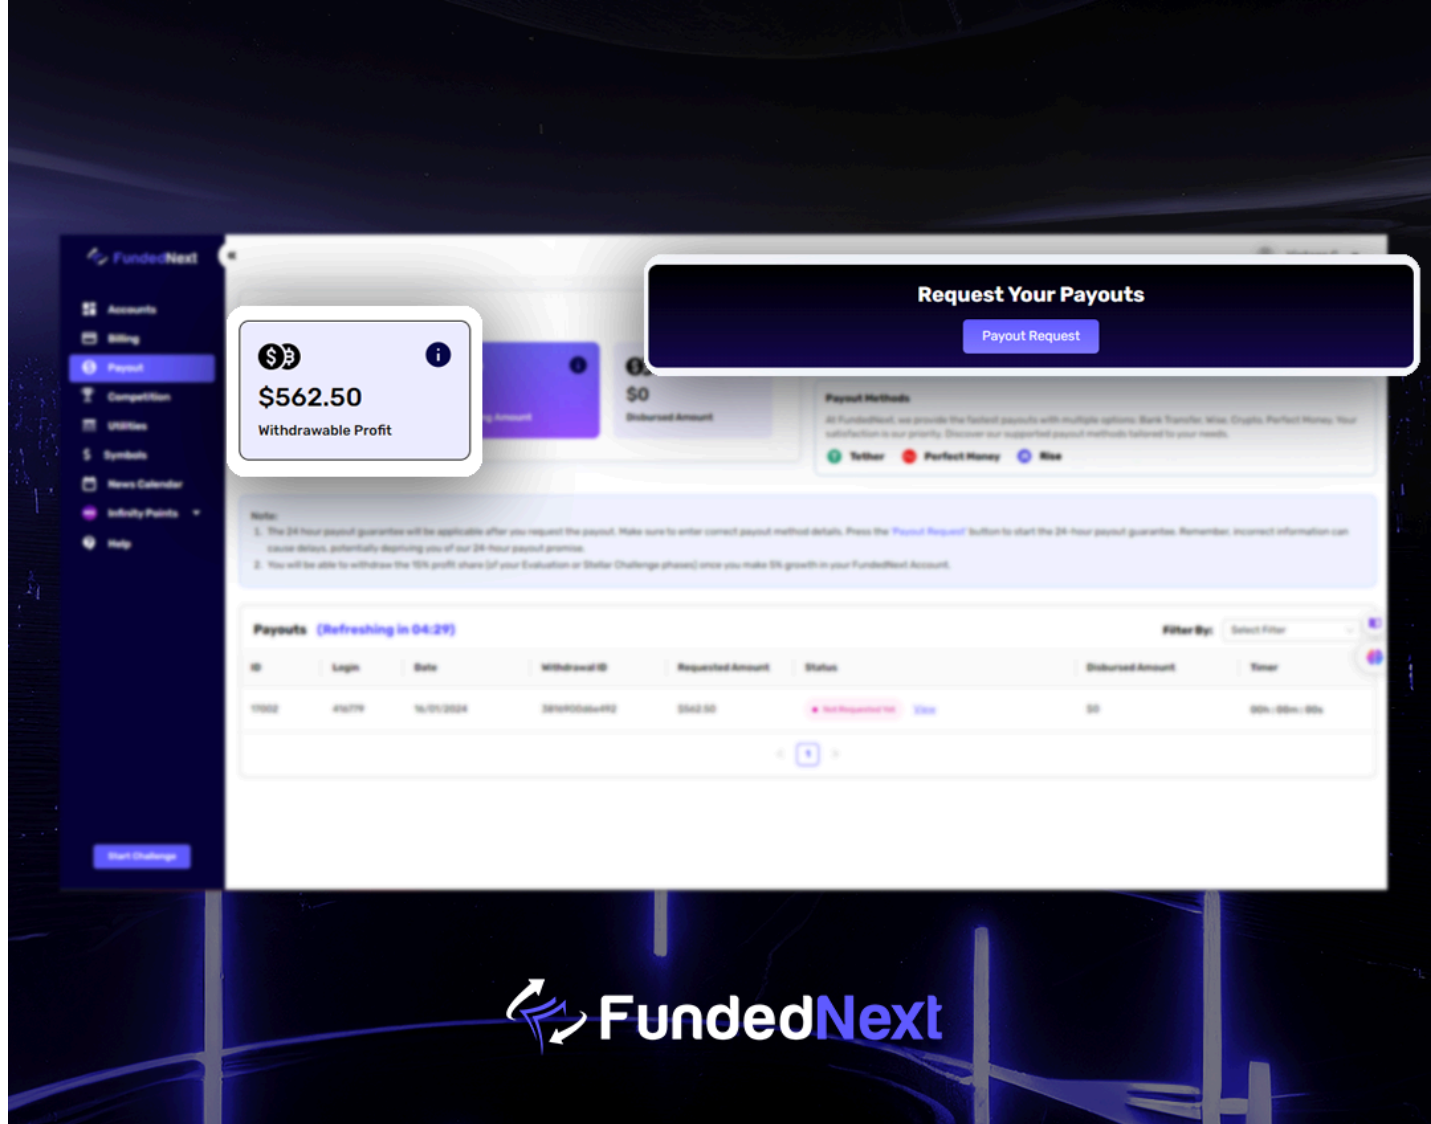

Updated over 2 weeks ago

With FundedNext, withdrawing profits is a straightforward and efficient process. Once traders fulfill all the criteria of their Trading Cycle and achieve profitability, they can easily request a Withdrawal.

Here's what you need to do:

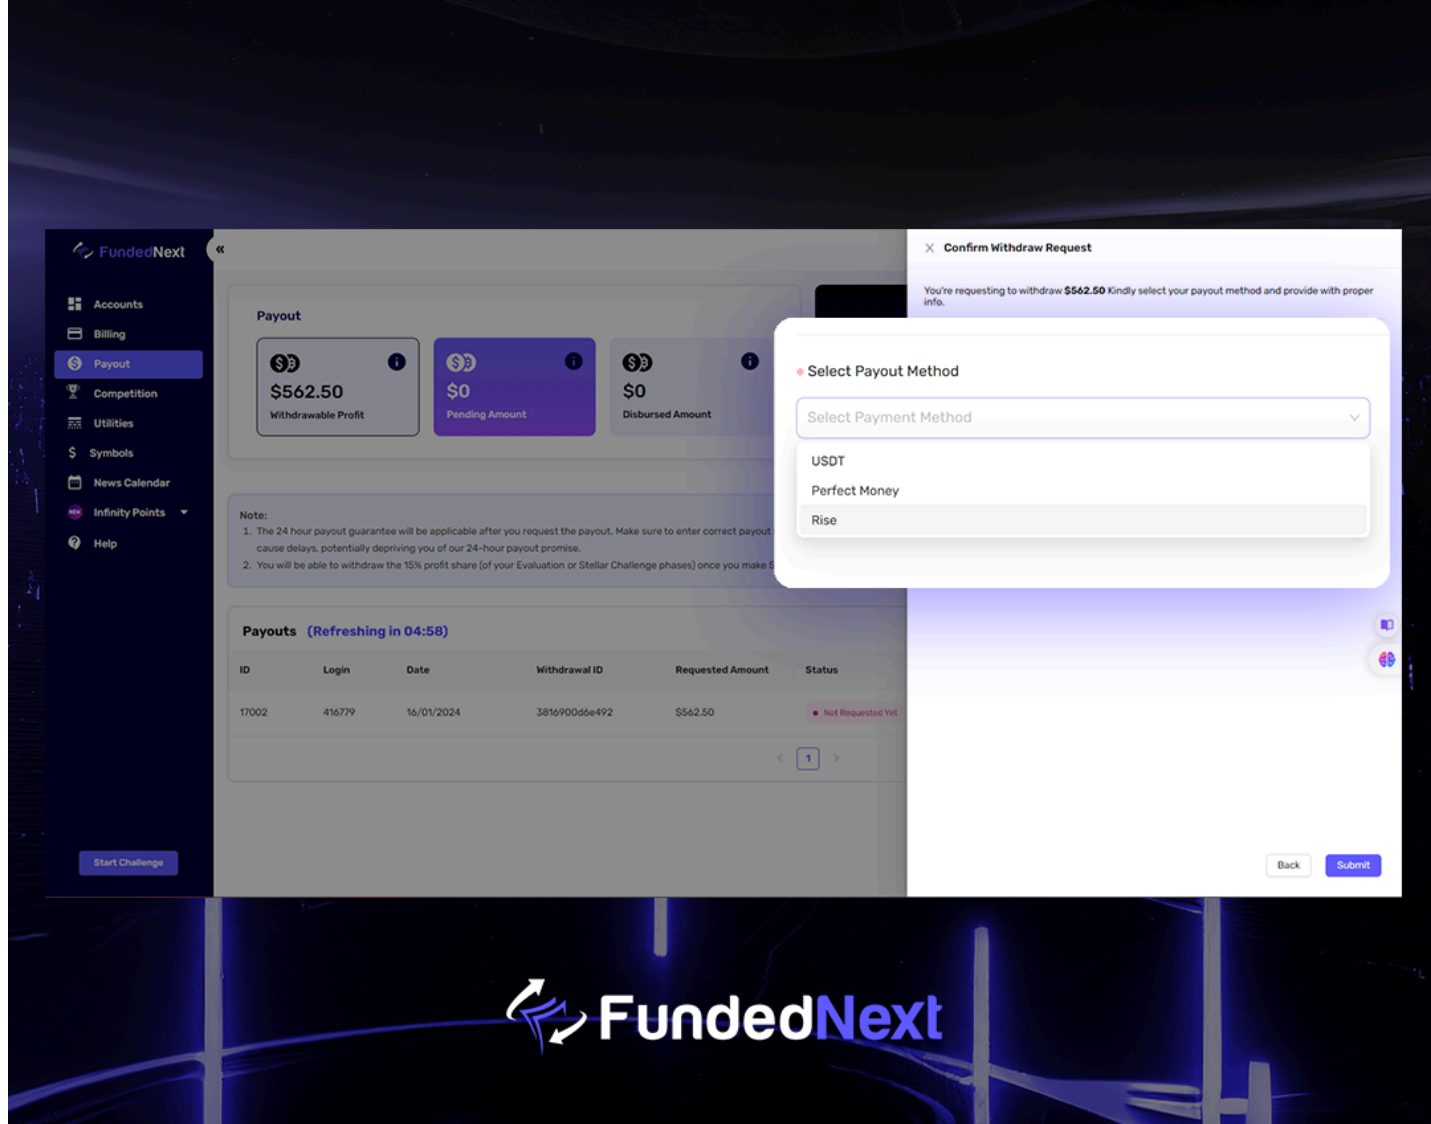

1. Navigate to the particular account Dashboard from the Accounts section.
2. Then, navigate to the "Payout" section of the Dashboard.
3. Click on the "Payout Request" button, as shown in the visual reference provided below.
4. An OTP will be sent to the registered email address to confirm the request. Please enter the OTP in the designated area to proceed.

Note: If traders need to change the verification method after arriving on the OTP page, please kindly click the cancel button.

What are the available withdrawal methods?

FundedNext offers a variety of withdrawal methods to ensure traders have flexibility and convenience when accessing their profits. These options include **USDT (ERC20, TRC20)**, **USDC (ERC20)**, **RiseWorks**, and **TC Pay**, which is exclusively available for our Iranian clients. With these diverse methods, you can choose the one that best suits your needs and enjoy seamless withdrawals.

Traders can choose the method that best aligns with their preferences and requirements.

How much time would it take to process the withdrawal?

Once traders submit their withdrawal request, FundedNext's dedicated team promptly processes and disburses their profits efficiently. As part of FundedNext's commitment to quality service, payouts are issued within **24 hours**. It's important for traders to be aware that they are responsible for covering any transfer gateway charges incurred during the process.

Please note that the trader is responsible for covering all transfer gateway charges. For more details, please check our [terms of service](#).
