Can I request an extension for the Evaluation Challenge?

# Can I request an extension for the Evaluation Challenge?

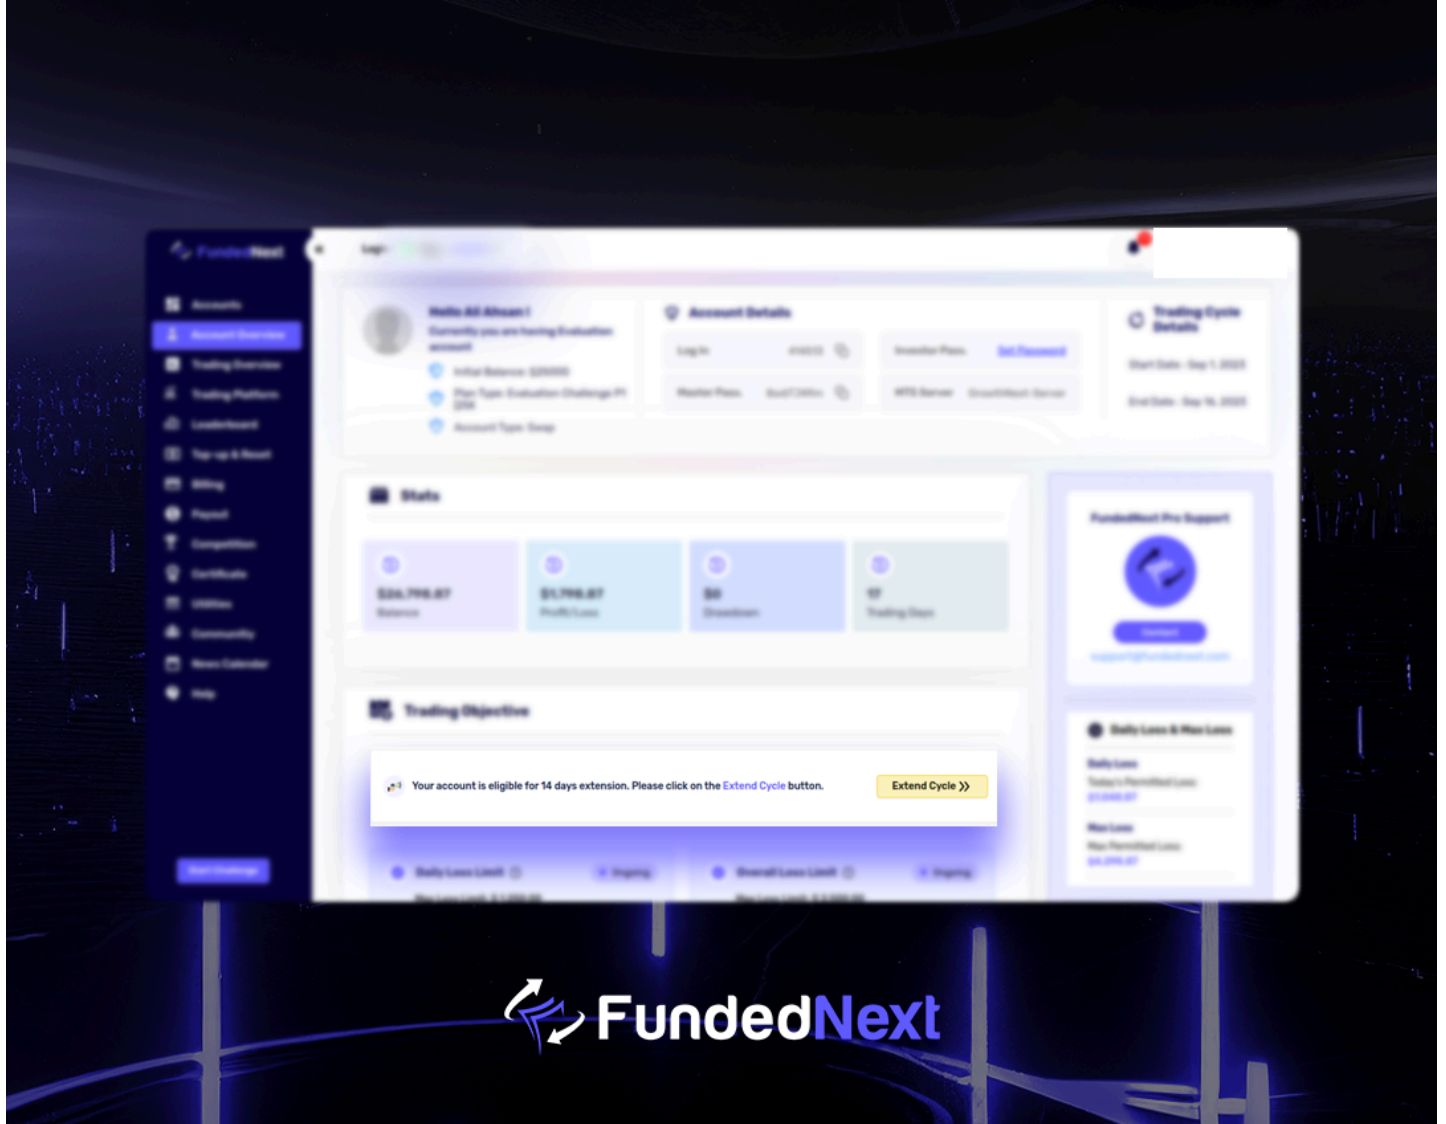

Updated over 2 weeks ago

Traders can request an extension for Phase 1 of the Evaluation Challenge under specific criteria:

- Traders must grow their account by more than 5% (balance and equity) before applying for a 14-day extension.
- Traders have already traded for a minimum of 5 days within the Trading Cycle.
- Traders cannot breach any rules applied to the Evaluation Challenge Phase.

If traders meet these criteria, a button will appear on their Dashboard three days before the end of the fourth week of the Trading Cycle. By clicking the button, traders can extend their trading period by 14 more days.

**Please refer to the image below for details on how to avail the extension:**

💡 **Note:** Traders can only use this extension once per account. They can become eligible for the extension again only by Resetting their account.
