Is News Trading allowed in the Evaluation Account?

Updated over 2 weeks ago

Yes, News Trading is permitted in all available account Models in FundedNext, excluding the Express Model. However, traders are encouraged to take into account certain considerations when engaging in trading during news hours:

- Market volatility is notably high during news hours.
- Spreads tend to be elevated.
- Slippages are more likely to occur.
- FundedNext does not have control over these market activities.

If a trader decides to initiate trades during news hours, FundedNext cannot be held responsible for any resulting consequences.
