When do I get the Reward Bonus in the Stellar Lite Model?

Updated over 2 weeks ago

After successfully completing the Challenge Phase for the **Stellar Lite Account** and reaching your FundedNext Account, you will become eligible to request your Reward Bonus with your **third payout**. The Reward Bonus must be requested as a payout and will be added to your total payout amount upon approval.

For example, if a trader purchases the **Stellar Lite 5k Challenge** for **\$32** and reaches the third payout in their FundedNext Account, they can request the **\$32 Reward Bonus**, effectively reimbursing them for the challenge cost.

If the account undergoes a reset, the Reward Bonus will match the **reset fee** instead of the initial purchase price. In this case, if the reset fee is **\$30**, then the Reward Bonus provided upon request after the third payout would be **\$30**.
