# Can I receive the FundedNext Account if I achieve the Profit Target in less than 5 days?

Updated over 2 weeks ago

Traders are required to complete a minimum of 5 trading days in each Challenge Phase, even if they achieve the profit target earlier.

For instance, if a trader attains the profit target in a Phase 1 Stellar Lite \$50,000 Account within 3 days, they must trade for an additional 2 days to fulfill the Challenge Phase requirements. To fulfill these days, the trader can initiate a trade of 0.01 lot. Following the server Reset time on the 5th day, the trader will receive a notification to progress to the next phase.

If a trader successfully reaches the 8% profit target in their Stellar Lite Phase 1 within 5 days by adhering to all rules, they become eligible for a Stellar Phase 2 account.

Similarly, if a trader accomplishes the 4% profit target in their Stellar Lite Phase 2 Challenge within 5 days while complying with all rules, they qualify for a FundedNext Account.
