When do I get the Reward Bonus in the Stellar 1-Step Model?

When do I get the Reward Bonus in the Stellar 1-Step Model?

Updated over 2 weeks ago

After successfully completing the Challenge Phase and receiving your FundedNext Account, you may request your Reward Bonus with your first withdrawal. The Reward Bonus must be requested as a payout and will be added to your total payout amount upon approval.

For example, if a trader purchases the **Stellar 1-Step 6K Challenge** for **\$65** and successfully completes the Challenge Phase, they can request the **\$65 Reward Bonus** with their first payout request, effectively reimbursing them for the challenge cost.

If the account undergoes a reset, however, the Reward Bonus will match the **reset fee** instead of the initial purchase price. In this case, if the reset fee is **\$59**, then the Reward Bonus provided upon request would be **\$59**.
