Do you offer any EA or Indicator in the Utilities section of the Dashboard?

# Do you offer any EA or Indicator in the Utilities section of the Dashboard?

Updated over 2 weeks ago

Certainly! In the Utilities section of the dashboard, traders can find 2 EAs and 1 indicator.

**FundedNext Trade Manager:** This tool helps traders execute trades accurately. They can adjust lot sizes, close partial trades, and manage stop-loss effectively.

**News and Equity Manager:** Traders can refine their strategy with this tool, accessing Forex Factory News on their charts. It also offers customized Equity Defender settings for managing gains and losses.

**Session Bar Indicator:** Traders can improve their approach with this indicator, providing clarity on global trading sessions. It allows customization of candle and box colors for a personalized trading experience.
