When am I eligible for KYC Verification in Phase 2 of my 5K to 15K Challenge Account?

If you are trading with an **Evaluation 6K to 15K Challenge Phase 2 Account**, **Stellar 2-Step 6K to 15K Challenge Phase 2 Account**, or **Stellar Lite 5K to 10K Challenge Phase 2 Account**, you will become eligible for KYC verification once you meet the following conditions:

- **Account Growth:**

- **Evaluation 6K to 15K and Stellar 2-Step Accounts:** Achieve at least **5% profit** in your Phase 2 Challenge Account.
- **Stellar Lite 5K to 10K Account:** Achieve at least **4% profit** in your Phase 2 Challenge Account.
- **Minimum Trading Days:** You have traded for **3 days or fewer**.

Example:

- For a **Stellar 2-Step 6K to 15K Challenge Phase 2 Account**, you need to make a minimum profit of **5% of your account balance** (e.g., \$300 for a \$6,000 account) and complete 3 trading days or fewer to qualify for KYC verification.
- For a **Stellar Lite 5K to 10K Challenge Phase 2 Account**, you need to make a minimum profit of **4% of your account balance** (e.g., \$200 for a \$5,000 account) and complete 3 trading days or fewer.

Note:

- If a trader does not complete the KYC before reaching the profit target or has the "No Minimum Trading Days Add-On," their account will proceed as usual (complete the profit target first, then submit KYC and agreement).
- If a trader completes the agreement but breaches the account later, they will need to resubmit the agreement, as a new Challenge Phase 1 Account is issued upon resetting the Challenge Phase 2 Account.
