How can I engage with the Infinity Points program at FundedNext?

How can I engage with the Infinity Points program at FundedNext?

Updated over 2 weeks ago

Participating in FundedNext's Infinity Points Program is an accessible and rewarding experience for traders. Here's a step-by-step guide to getting started:

Sign Up and Access: Traders automatically join the Infinity Points Program upon signing up with FundedNext. They can access it directly from their dashboard without the need to own any accounts.

Navigate to Infinity Points: After logging in, traders can locate the "Infinity Points" tab on the left side of their dashboard. Clicking on "See All Tasks" opens up a range of engaging activities to explore.

Engage in Tasks: Each trader's account presents them with unique tasks and rewards tailored to their preferences. Completing these tasks earns them points, recognizing and rewarding their contributions to the platform.

Prioritize Fair Play: FundedNext upholds principles of fairness and integrity. Traders should refrain from using multiple accounts to accumulate points, as this violates the Fair Play Policy. Any such violation may result in the loss of points, rewards, or even account suspension.

> **Enjoy Rewards:** Accumulated points can be redeemed for various benefits, such as discounts on purchasing FundedNext Challenges. This not only enriches the trading experience but also provides financial advantages.

In summary, the Infinity Points program offers more than just point accumulation—it encourages traders to fully explore FundedNext's platform, improve their trading skills, and relish the journey of earning and redeeming rewards.
